Weld Women2Women is a 501(c) 3 organization dedicated to providing women in crisis in Weld County with a one-time emergency gift of financial assistance; when they have nowhere else to turn. W2W operates as a referral agency accepting requests from a network of local partnering non-profit agencies that have vetted the woman's needs and explored all other potential funding resources. Funds are awarded directly to the service provider usually within 48 hours. W2W has given a "hand-up" to over 2,000 women since its inception in 2009; returning over \$1.3 million dollars into our local economy as of October 2023! Your donation not only helps resolve problems, but it also serves as an investment to local businesses providing needed services.

W2W can provide funding for:

- Medical needs (disease and injury)
- Transportation needs
- Childcare
- Eye examinations and eye wear
- Housing assistance
- And so much more...

All we ask in return for this financial assistance is that our recipients perform an act of kindness, paying it forward. No other organization helps women in this way, which is why 90+ area non-profit agencies, churches, and school districts partner with W2W. They know this kind of help is rare and truly needed in Weld County to help prevent an even larger catastrophe. Please join us and be part of the solution that is elevating lives!
